Absent: Steve Plocher

Other MVEST team members and residents present: Judi Purdom, Jay Shelfer

Approval of Agenda

The agenda was approved.

Public Comment

None.

Consent Calendar

Minutes of the October 12 meeting were approved.

Reports

Coronavirus

No change. That is, as far as we know, Marin Valley remains Covid-free, which is likely a direct result of residents and visitors adhering to local and state health care directives, mainly wearing masks – correctly – and maintaining social distance. As the weather cools and activities move indoors, we all need to remain very cautious despite the fact that we may be experiencing “pandemic fatigue.”

Bill will research the testing sites in the area and which ones, if any, are free.

Air Quality Monitoring

The new air quality monitor has been installed at the clubhouse and is working well. The current reading can be accessed via the PurpleAir map on our website, marinvalley.net. The air quality has been very good of late, but that situation can change.

Extreme Heat

Though that condition may not recur this year, if it does, the misting station in the clubhouse breezeway is still operational.

Firewise

There will be a Red Flag day beginning tonight and ending Wednesday morning. Bill and Carol-Joy will again put up the signs and flags.

Regarding PSPSs and rolling blackouts, we probably will have neither this year, but that can always change.

John H. reported that he is working on the renewal of our Firewise Community status. The committee added John F. and Bill as Firewise leaders in addition to John H.

Park Security

Kevin continues to monitor the area in and around the Park, and he has noticed no new camping activity lately. As always, Park residents are asked to be vigilant and report any suspicious goings-on to Matt Greenberg.

The new security camera array on Marin Valley Drive near the laundry room is now functional.

Marin County Firewise/FIRESafe Marin

John H. reported that there is now a link to Marin Valley's website on the FIRESafe Marin website. The link is

<https://www.firesafemarin.org/marin-sites/142-marin-valley-mobile-country-club>.

John H. reminded the committee that there will be a FIRESafeMarin webinar via Zoom on Tuesday, October 27 at 6:00 p.m. Called "Wildfire 101: How Wildfires Burn in the WUI," the link is

<https://firesafemarin.zoom.us/j/87382415962>. If the Zoom call is at capacity, it can be viewed in real time on Facebook. It will be available for viewing after the event on the FIRESafe Marin website and also on our website, marinvalley.net.

Novato Fire District

Bill reported that the NFD continues to be extremely busy.

Bill volunteered to talk to Firewise leaders at Pacheco Valle about our recent successful evacuation exercise.

Echo Article

Pam will write an article about pets and Covid-19.

Marinvalley.net

Erma reported that resident Ed Collins has volunteered to make periodic dump runs to help residents clear their carports of unwanted items, some of which may start or spread fires. The first one will be Friday, November 6, and reservations can be made by texting or emailing Ed.

Old Business

None.

New Business

None.

Next Meeting

Monday, October 26 at 5:00 p.m. via Zoom teleconferencing.

Residents who are not on this committee who would like to attend, please contact John Hansen so that he may send you an agenda, which includes an email invitation to join the call via your computer or phone.

Respectfully submitted,
Carol-Joy Harris
Recording Secretary
