Approval of Agenda

The agenda was approved.

Public Comment

Joe reported "I know someone in the park who isn't vaccinated and won't wear a mask. There is no mandate or law that you will violate if you don't get vaccinated or wear a mask, here in the park or elsewhere. You can't make people follow those guidelines. It would be undemocratic to force people to get Vaccinated or wear a Mask".

Consent Calendar

When the clubhouse opens, we will move ahead with block captain and zone chief training. John F will send an email to pre-epidemic volunteers and see who still wants to be involved, and John F has written an Echo article encouraging new residents to become volunteers.

A further evacuation drill will follow in the late Summer or Fall.

New Business

We will need literature about air quality during fires, when they happen.

The Purple Air monitor is a little unreliable as the WiFi in the clubhouse is temporarily challenged.
